

Two Laps Around the World

Have you ever dreamed of leaving work behind for a few months so you can travel around the world? Bob Riel and his wife Lisa not only dreamed of it, they actually did it twice!

During their travels, they faced the shock of a terrorist bombing in Egypt, discussed life with Masai tribesmen, learned about Buddhism from a monk in the Indian Himalayas, drank tea with Beijing rickshaw drivers, and watched the sunrise from the Ganges River and from atop Mount Sinai.

Bob and Lisa were featured in recent articles in the *Arizona Daily Star* and *Vail Sun*, and Bob will be **at Javalinas on Wednesday, August 27 at 7:00 p.m.** to talk about the travel experiences chronicled in his book *"Two Laps Around the World."* Copies of the book will be available.
