Dear:

Next month, as you may know, Up With People will hold its 25th Anniversary Celebration in Denver, an event which will be attended by 6,000 people from more than 25 nations. I'm thrilled about this opportunity for Denver and the state of Colorado to host these international visitors and to share in Up With People's celebration.

As a kickoff to the four-day event, there will be a Black Tie Dinner the evening of Wednesday, July 25 in the Colorado Convention Center. This dinner is Colorado's salute to Up With People's 25 years of encouraging understanding worldwide and an opportunity for the state to show its support of Up With People and to participate in the Silver Celebration. A small number of patron tables are available for this special evening and all proceeds from the dinner will benefit the Up With People Scholarship Fund.

I hope you will be able to join us as a patron of this excellent program.

Sincerely,

Gov. Roy Romer  
Honorary State Chairperson  
25th Anniversary Celebration
